A. INFORMATION ABOUT THE FORUM FISHERIES AGENCY

The information offered in this package is for information only and does not form part of the employment contract.

The Pacific Islands Forum Fisheries Agency (FFA) traces its origins to the South Pacific Forum meeting in Port Moresby in 1977 which adopted a Declaration on the Law of the Sea and the establishment of a regional fisheries agency and outlined its functions. In recent years FFA has been mandated to concentrate on the management and development of the tuna fishery in the Central and Western Pacific Ocean. This fishery is now one of the largest in the World, catching around 1 million tonnes annually. The Agency is responsible for assisting its 17 members to coordinate sustainable tuna fishery management policies in their exclusive economic zone waters, and for promoting the development of their tuna fishery resources.

The 16 country members and 1 territory member of the FFA are Australia, Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Marshall Islands, Nauru, New Zealand, Niue, Palau, Papua New Guinea, Samoa, Solomon Islands, Tokelau, Tonga, Tuvalu, and Vanuatu.

Under the 1979 FFA Convention, the FFA consists of the Forum Fisheries Committee (FFC) which is the governing body, and a Secretariat. The Secretariat, with a current establishment of approximately eighty-five positions, is organised into four divisions: Fisheries Management, Fisheries Development, Fisheries Operations, and Corporate Services. FFA is led by an executive management unit headed by the Director-General. In order to provide greater ministerial oversight of the fisheries sector the FFC Ministerial Meeting was established and was elevated to the highest policy making organ of the FFA.

The Vision of the Members of the Pacific Islands Forum Fisheries Agency is: “We will enjoy the highest levels of social and economic benefits for our people through the sustainable development of our fisheries resources.”

The Mission of the Forum Fisheries Agency is: “To support and enable our members to achieve sustainable fisheries and the highest levels of social and economic benefits in harmony with the broader environment.”

The work of the Agency is delivered through two programs: Fisheries Management and Fisheries Development.

The Fisheries Management program assists FFA members to refine and maintain effective policy and legal frameworks to support the sustainable management of their tuna fisheries resources. Appropriate technical services are also provided under this program to support regional and sub-regional fishery management.

The Fisheries Development program assists FFA members with long term social, economic and development planning for the fisheries sector, in response to the Forum Leaders’ call to identify ways to ensure greater returns from the sustainable use of fisheries resources.

The core operations of the Agency are funded by member and donor contributions from Member Governments. The Agency also receives funding from a variety of non member donors and from cost recovery for services. The total budget for 2013/14 is US\$25.3million. In addition the Agency administers US Treaty funds which in 2012/13 is US\$45 million.

FFA is an equal opportunity employer with professional staff currently employed from Australia, Fiji, Kiribati, Federated States of Micronesia, New Zealand, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, Vanuatu and the USA, with staff attachments from Japan and Australia.

B. REMUNERATION PACKAGE – TERMS AND CONDITIONS

Duty Station	Honiara, Solomon Islands
Duration:	The Observer Programme Manager is recruited to the project on a full time basis for three (3) years, with a possibility of contract renewal thereafter on the basis of need, subject to procurement rules and performance evaluation.
Grade:	Appointment will be at Band 12 of FFAs authorised salary scale for internationally advertised positions.

* Not applicable to permanent resident or citizen of Solomon Islands. Solomon Islands nationals should be aware that all allowances and benefits are subject to PAYE tax deductions.	

Both men and women are invited to apply.

More information on the Agency can be obtained on our website www.ffa.int.

An affirmative action policy applies in respect of applicants from FFA's Pacific Island members. Where an FFA Pacific Island member candidate is deemed to be of equal merit to a non-Island candidate, he or she can be appointed, at the discretion of the Director-General, in favour of that Island candidate.

C. SOLOMON ISLANDS

Solomon Islands consists of a chain of six large islands and numerous smaller ones, stretching over 1,400 km.

The total land area is 28,530 sq. km of which the largest island, Guadalcanal, has an area of 5,600 sq. km. Other major islands are Choiseul, New Georgia, Santa Isabel, Malaita and Makira.

Solomon Islands is located between 5 and 12 degrees south latitude and 155 and 170 degrees east longitude. Due west is Papua New Guinea and to the south-east are the islands of Vanuatu and New Caledonia. To the south-west across the Coral Sea lies Australia. The capital, Honiara, on the island of Guadalcanal, is approximately 2,100 km north-east of Brisbane.

The climate is tropical but influenced by the surrounding sea and trade winds. The cooler season is from April to November when the south-east trade winds blow. From November to April the north-west winds bring higher temperatures and occasional tropical cyclones. Rainfall generally is high averaging 3,000 mm per year. However, Honiara, the capital, is somewhat drier with an average 2,000 mm. Daytime temperatures usually exceed 27 degrees Celsius. In general, temperature ranges from 20 to 34 degrees Celsius all year round.

Education for non-Solomon Islands citizens is available at the Woodford International School in Honiara up to Grade 10. The School is currently adopting the Queensland (Australia) curriculum.

Expatriate employees of the Agency are accorded partial diplomatic privileges by the Solomon Islands Government. First entry privileges allow the importation free of duty of items such as a motor vehicle and personal effects within the first 6 months of arrival date. The Director-General and Deputy Director-General are accorded full diplomatic privileges.

There is a self-funding staff club which provides some facilities for staff and their families including a mini-gym, tennis court, pool table, and darts.

There are basic medical facilities with several private practices, and a central hospital. Facilities at the hospital are limited, and vaccines in Honiara are not always readily available. Optical services in Honiara and dental services are a bare minimum with specialist treatment needing to be obtained overseas.

The commercial banks in Honiara are Westpac, ANZ, and the Bank of South Pacific (BSP). The following are some of the current BSP exchange rates for the Solomon Islands Dollar (SBD): (as of 25 June 2015). Please note that the exchange rates do change daily.

SBD 1.00 = *US Dollars = 0.1254*

Australian Dollars=0.1621

New Zealand Dollars=0.1802

Fijian Dollars= 0.2555

PNG Kina= 0.3380

International air services are provided by Solomon Airlines, Air Niugini, Virgin Blue and Fiji Airways.

Resident diplomatic missions are maintained by the United Kingdom, Australia, New Zealand, Papua New Guinea, Japan, Taiwan and the European Union. There is also a United States Consular Agent office and the Australian High Commission also acts as an agent for Canadian citizens. Nationals whose governments have diplomatic representations in Honiara are advised to register with their relevant offices on arrival in the Solomon Islands

Malaria is endemic in Solomon Islands and you are advised to seek independent medical advice on this and other issues associated with living in the tropics, in a developing country. Children should be fully immunised, especially against hepatitis, tuberculosis, tetanus, diphtheria and whooping cough. Some medical authorities also suggest immunisation for cholera and typhoid.

The Agency assists professional staff to locate suitable housing. Where an FFA owned or rented house is available, and it is suitable for the respective family, staff are expected to accept these properties. Properties are well maintained. The housing market is difficult at the moment because the local economy is going through a period of rapid development but we are normally successful in obtaining quality property rentals. Most properties are security fenced and the FFA currently provides an allowance for night security guards.

Law and order in Honiara has greatly improved since the arrival of the Australian led Regional Assistance Mission to the Solomon Islands (RAMSI) in July 2003. Applicants are advised to check the travel advisories issued by governments with Diplomatic representation in Honiara.

The FFA's expatriate staff report Honiara to be generally a safe environment however, the security situation remains relatively unpredictable and petty crimes do exist which could sometimes involve violence.

More information on the Solomon Islands can be found on the website of the Solomon Islands Visitors Bureau www.visitsolomons.com.sb
